

# Haunt

## Banks

What do you want? I wanna know  
You messed me up when you let me go  
Now you come back 'cause your ego is stroked  
From the way that I cracked after you let me go I look to things that we could be  
Perhaps you would have cheated on me  
At least I wouldn't have you haunting me  
Now you're haunting me, babe What do you want? I wanna know  
I brought a dandelion you could blow  
While you stay mourning for something creative  
But memories baited from your loneliness, I see I look to things that we could be  
Perhaps you would have cheated on me  
At least I wouldn't have you haunting me  
Now you're haunting me, babe It's like I wanna know I'm someone  
It's like I wanna know I'm some  
Someone you have to keep on my knees  
Turn the lights out on me, the lights out on me  
I'm blacked out I see again, you make me wait  
You make me wait dangling on a string  
Begging for you to come back to the ring  
'Til I'm salivating for attention that you want me I look to things that we could be  
Perhaps you would have cheated on me  
At least I wouldn't have you haunting me  
Now you're haunting me, babe You won't come back, you're not coming  
I waited up to say your name  
You won't come back, you're not coming  
I waited up for you to say my name  
You won't come back, you're not coming  
I waited up to say your name  
You won't come back, you're not coming  
I waited up for you to say my name It's like I wanna know I'm someone  
It's like I wanna know I'm some  
Someone you have to keep on my knees  
Turn the lights out on me, the lights out on me  
I'm blacked out
