

DJ Play A Love Song

Jamie Foxx

I know you see me lookin' at you
And I know he know you lookin' at me
Well, damnDJ won't you play this girl a love song?
She really needs to hear this freakin' love song
She's lookin' at me kinda hard, I can tell that things
Ain't right on the home front
What she really needs is a G like me
To beat a beat, beat it, beat itI can see how you want it, baby
Wish ya man wasn't here with ya, baby
I can see curiosity, gotcha wanna try me
Homeboy, can't please ya
On this wall, in the open baby
You wouldn't care if the crowd was watchin', baby
You want it, I know it
Gotta notion to pull your ass up outta hereDJ won't you play this girl a love song?
She really needs to hear this freakin' love song
She's lookin' at me kinda hard, I can tell that things
Ain't right on the home front
What she really needs is a G like me
To beat a beat, beat it, beat itDJ won't you play this girl a love song?
She really needs to hear this freakin' love song
She's lookin' at me kinda hard, I can tell that things
Ain't right on the home front
What she really needs is a G like me
To beat a beat, beat it, beat itBaby, I got things that I wanna say
Won't you meet me in the bathroom?
We can pull a freaky episode
I got my beretta if the nigga come through
Baby, I know he ain't treatin' you right
Lady, look at your bad ass
Turn around, turn around, damn you fineDJ won't you play this girl a love song?
She really needs to hear this freakin' love song
She's lookin' at me kinda hard, I can tell that things
Ain't right on the home front
What she really needs is a G like me
To beat a beat, beat it, beat itDJ won't you play this girl a love song?
She really needs to hear this freakin' love song
She's lookin' at me kinda hard, I can tell that things
Ain't right on the home front

What she really needs is a G like me
To beat a beat, beat it, beat it Tell me why he did you wrong
Need to get up with the Twista after sippin' on Patron
Stroke it when I hold them legs up
He can take you out to dinner and look like a playa
I'm a give it to you good up in the elevator
He be actin' all soft when he get in them draws
I'm a break you off and fuck you up against the wall
Finna move up in that slot 'cuz I'm somethin' he not And he don't know what he got, I'm in the drop top
To get the twat I got a knot, no more runnin' from the cops
Now I'm rollin' with Foxx because the block's hot
But I'm always a G 'cuz I come from the streets
And I got heat for whoever thinkin' they want some
No more fuckin' with them lames, now you rollin' with a thug
So tell that nigga to beat it, beat it DJ won't you play this girl a love song?
She really needs to hear this freakin' love song
She's lookin' at me kinda hard, I can tell that things
Ain't right on the home front
What she really needs is a G like me
To beat a beat, beat it, beat it DJ won't you play this girl a love song?
She really needs to hear this freakin' love song
She's lookin' at me kinda hard, I can tell that things
Ain't right on the home front
What she really needs is a G like me
To beat a beat, beat it, beat it DJ play this girl a song
