Tar

The Xcerts

Remember health warning
It's printed on the packet
Middle tar, low tar, high tar
Something that make you dieTaking one out of the packet
It's just a force of habit
You know you cannot stop it
The why was the reason whyNerves, nerves
Tension, tension
Addiction, addiction, addiction, addiction
Low tar, high tarNicotine stain on your finger
Try to wash off but it still lingers
Cigarette holder just a joke
Don't really take bad away from smokeNerves, nerves
Tension, tension
Addiction, addiction, addiction, addiction
Low tar, high tarRemember health warning
It's printed on the packet
Middle tar, low tar, high tar
Something that make you dieNerves, nerves
Tension, tension
Addiction, addiction, addiction, addiction
Low tar, high tarRemember, remember, remember
Tar, tar, tar, tar, tar, tar, tar, tar, tar, tar, tar, tar, tar, tar
