

# Tar

## The Xcerts

Remember health warning  
It's printed on the packet  
Middle tar, low tar, high tar  
Something that make you dieTaking one out of the packet  
It's just a force of habit  
You know you cannot stop it  
The why was the reason whyNerves, nerves  
Tension, tension  
Addiction, addiction, addiction, addiction  
Low tar, high tarNicotine stain on your finger  
Try to wash off but it still lingers  
Cigarette holder just a joke  
Don't really take bad away from smokeNerves, nerves  
Tension, tension  
Addiction, addiction, addiction, addiction  
Low tar, high tarRemember health warning  
It's printed on the packet  
Middle tar, low tar, high tar  
Something that make you dieNerves, nerves  
Tension, tension  
Addiction, addiction, addiction, addiction  
Low tar, high tarRemember, remember, remember  
Tar, tar
