

Jupiter

Michael Brun

Something unexpected, something out the blue
Started out as nothing but love grew
Took a new direction, took a turn for you
Now I can't go back, what do I do? I don't wanna leave, I don't wanna go
I'll tell you something
I don't wanna leave, I don't wanna go I'm closing up the space between us
There's nothing that can keep you from my love
Your distance, heaven down to earth
From here to Jupiter
From here to Jupiter You were unexpected, you were out the blue
Started out as friends but our love grew
Took a new direction, took a turn for you
Now I can't go back, what do I do? I don't wanna leave, I don't wanna go
I'll tell you something
I don't wanna leave, I don't wanna go I'm closing up the space between us
There's nothing that can keep you from my love
Your distance, heaven down to earth
From here to Jupiter From here to Jupiter Only wanna be with you
Because nothing makes me feel this way, oh no
I could give you everything
I'm closing up the space between us
There's nothing that can keep you from my love
Your distance, heaven down to earth
From here to Jupiter From here to Jupiter
