

# Viking

## Miriodor

The last time I seen viking  
He was about this tall  
With a tattoo  
Where a smile should've been  
Of his sweetheart's name  
Of his sweetheart's name Do you remember viking?  
He was about you and me  
With a big scar  
Where his heart should've been  
Inside his chest  
Inside his chest Do you, do you remember viking?  
Do you remember viking? The last time I saw viking  
He was about so tall  
With a tattoo  
Where his heart should've been  
He was about everything  
He was about everything Do you remember viking?  
Do you remember viking?  
I remember viking
