

This Velvet Glove

Red Hot Chili Peppers

Close to my skin, I'm falling in
Someone who's been
Sittin' by the phone, I'm left alone
In another zone John says to live above hell
And my will is well
No one is waiting for me to fail
And my will could sail yeah It's such a waste to be wasted in the first place
I want to taste the taste of being face to face with common grace
To meditate on the warmest dream
And when I walk alone I listen to our secret theme Your solar eyes are like nothing I have ever seen
Somebody close that can see right through
I'd take a fall and you know that I'd do anything
I will for you Sailin for the sun 'cause there is one
Who knows where I'm from
I care for you, I really do
I really do Come closer now so you can lie
Right by my side
I sit alone in the sun, I wrote a letter to you
I'm getting over myself yeah Your solar eyes are like nothing I have ever seen
Somebody close that can see right through
I'd take a fall and you know that I'd do anything
I will for you Your solar eyes are like nothing I have ever seen
Somebody close that was made for you
I'd take a fall and you know that I'd do anything
I will for you Close to my skin someone who's been
I'm a falling in
Disasters are just another star
Falling in my yard John says to live above hell my will is well
Long to be with someone to tell, I love your smell
