

# Just That Sexy

Omarion

Baby, every time you walk, I get turned on  
Got me switchin' that thing, do it for me  
The way that your lips move when you say my name  
Whisper anything to me(All night)  
You can rodeo for me  
(All night)  
Get up on that O for me(So right)  
Like it's supposed to be  
(So why?)  
So why you gotta be thatSexy  
I'm sittin' up here knowin' you'd be that sexy  
I'm already knowin' that you're sexy  
Crazy, always on my mind, it's killin' me'Cause your sex is the most  
It brings me down to my knees  
From the bed to the floor  
Oh girl, I'm beggin' you pleaseWork with me  
Work, work with me  
Oh, work with me  
Work with me now  
Baby, you're just that sexyNever get enough of you, give me some more  
Ain't gon' front, you twistin' me out  
Whatever it is, they should sell it in the store  
Best believe they'd all be sold out(All night)  
You can rodeo for me  
(All night)  
Get up on that O for me(So right)  
Like it's supposed to be  
(So why?)  
So why you gotta be thatSexy  
I'm sittin' up here knowin' you'd be that sexy  
I'm already knowin' that you're sexy  
Crazy, always on my mind, it's killin' me'Cause your sex is the most  
It brings me down to my knees  
From the bed to the floor  
Oh girl, I'm beggin' you pleaseWork with me  
Work, work with me  
Oh, work with me  
Work with me now  
Baby, you're just that sexyYou know

You come in with ya sexy dress on  
I'm like, damn, let's do what we do  
Work with me  
Work, work, work with me  
Work with me  
Work with, work with  
Work with me  
Work with me  
Work, work, work with me  
Work with me  
Work with, work with  
Work with me  
Sexy  
I'm sittin' up here knowin' you'd be that sexy  
I'm already knowin' that you're sexy  
Crazy, always on my mind, it's killin' me 'Cause your sex is the most  
It brings me down to my knees  
From the bed to the floor  
Oh girl, I'm beggin' you please  
Work with me  
Work, work with me  
Oh, work with me  
Work with me now  
Baby, you're just that sexy  
Work with me  
Work, work, work with me  
Work with me  
Work with, work with  
Work with me  
Work with me  
Work, work, work with me  
Work with me  
Work with, work with  
Work with me
