Donâ€™t be on bs might beat off brake  
Then I dip like I be on skates  
Just be on g shit donâ€™t be on dates  
Throw out racks, you might throw out chains  
Blow our backs you might know my dames  
They donâ€™t know yâ€™all tracks, they just know yâ€™all lame, work  
Let me do my thing, couldnâ€™t tie my shoes,  
Couldnâ€™t do my strengths, nigga please, you cold  
Blue out flame, and cool, the bullâ€™

Thatâ€™s when I got me a new car, to go along with my new house  
To go along with my new chick, that I just hit on my new couch  
Them fly calls like yours dawg, itâ€™s bout time we put the part 2 out  
I ainâ€™t even spend that old money, I was actually thinking about cooling out

I was straying â€™ you would think Iâ€™m B.o.b  
I got Bombay and lemonade, in my vip like Iâ€™m Charlie  
Bad hoes all pas go, but itâ€™s â€™can I see id?  
She showed me her new â€™ and piercings on her tit  
That work for me, well certainly  
I make it rain, she works for me

Iâ€™m major pain, she worship me  
She say my name and she cursing me  
I get no hand to a slow jam  
Itâ€™s like 4 bands in that  
She down to be fucking with a real nigga  
She know everytime I come around that she with me

This motherfucker turnt, this motherfucker turnt  
This motherfucker turnt, this motherfucker turnt  
This motherfucker turnt, this motherfucker turnt  
This motherfucker turnt, this motherfucker turnt  
Throwing racks, clap that ass,  
Throwing racks, clap that ass,  
Throwing racks, clap that ass,  
This motherfucker turnt, this motherfucker turnt  
Throwing racks, clap that ass,
