

Emergency (feat. Motörhead)

Girlschool

[Enid Williams - Kelly Johnson - Kim McAuliffe - Denise Dufort] Can't make out, things they said

Spent too many nights getting out of my head

Must be mad, must be blind

Driving me crazy right out of my mind 9-9-9 Emergency, emergency

9-9-9 Emergency, emergency

9-9-9 Emergency, emergency

9-9-9 Emergency, emergency

Can't think straight, can't decide

'Cause time's running out and there's nowhere to hide

Where to run, what to do

Better watch out, cause they're coming for you 9-9-9 Emergency, emergency

9-9-9 Emergency, emergency

9-9-9 Emergency, emergency

9-9-9 Emergency, emergency

Emergency, emergency

9-9-9 Emergency, emergency

9-9-9 Emergency, emergency

9-9-9 Emergency, emergency

9-9-9 Emergency, emergency Emergency, emergency
