

World In Changes

Dave Mason

Things could be lazy
If they werent so crazy
I wasnt following you
Running in circles wont find me no purpose
Its right here with you and what I doChanges of season, are nearly as pleasin
As watchin' the changes in you
Time for a new day, in search of a new way
But are you sure that it will doWorld in changes still going through
Ive got a lot to learn about you
World in changes still going through
Youve got a lot to learn about me too
Youve got a lot to learn about me tooI said well, let's see
What you really mean to me
I'll tell the truth cause I cant pretend
Find yourself a real friend
Then you nearly reached the end
Of all of this runnin round we doWorld in changes still going through
Ive got a lot to learn about you
World in changes still going through
Youve got a lot to learn about me too
Youve got a lot to learn about me tooWorld in changes, world in changes
