

Take Our Time

Tlc

Let's take our time baby
Love last forever
Over and over
We'll love together
Come here next to me
And let me make you high
No mistakes we will make
A long time we will love
Let's take our time baby
Love last forever
Over and over
We'll love together
Kiss me hold me tight
And let's get wet tonight
Happiness is pleasing you
So let me make you cry
Let's take our time baby
Love last forever
Over and over
We'll love together
Slowly deep inside me
Hold me kiss my body
Only you can make me
So easy
Slowly deep inside me
Hold me kiss my body
Only you can make me
So easy
Let's take our time baby
Love last forever
Over and over
We'll love together
Let's take our time baby
Love last forever
Over and over
We'll love together
Let's take our time baby
Love last forever
