This is my livelihood that you fucking with This is it right here baby
No more hating in the world You know, it's gonna be what its gonna be Ruff Rydas Welcome to D Block, the city
of broke down dreams
With things ain't always peachy keen as they seem
City of dope dealers, killers, pimps, pushers,
Pin handlers Hustlers and doped out fiends
The sun don't shine here, in this part of town
But we all got a town that's similar to this too
'Cause every cities got a ghetto and every ghetto got a hood
Take a good look around you 'cause there's a D Block near you Place where ain't no body that proud, it's a
fucking black cloud
That got people under the impression they can act wild
Word get around though, see if you can pull a trigger on the pound yo
Five minutes flat the whole town know
Lot of assuming a niggas salary
More lies than truth definitely more rumors than reality
Only way you beating a body is a technicality
Other than that catch em and Clinton on a gallery
The determination and dedication of discipline
Listening and catching the jewels you was missing
And they still doing coward shit
You know the haters gonna always be heavy but the love overpowers it
Something in the air but the older they get,
They kill you quicker over a girl than over a brick,
We don't play with the lizards, we make phrases up and say 'em exquisite,
Anytime you can pay us a visit Welcome to D Block, the city of broke down dreams
With things ain't always peachy keen as they seem
City of dope dealers, killers, pimps, pushers,
Pin handlers Hustlers and doped out fiends
The sun don't shine here, in this part of town
But we all got a town that's similar to this too
'Cause every cities got a ghetto and every ghetto got a hood
Take a good look around you 'cause there's a D Block near you Welcome to D Block, the might mighty D Block
The place in New York City where Diddy won't even walk
Its D Block, the part of Yonkers where I wouldn't be caught
Without two pistols on me that'll be cocked in each pocket
D Block don't even stop to talk, you just keep walking,
Stick up kids every block who walks with that free op-
Portunity, as soon as you leave out that jewelry shop

And you won't even notice your mind will be so preo-
 Occupied on that new watch you just copped
 You won't even see that ride pull up along side you
 You'll be shot fore you even realize you were spied over three blocks
 D Block the place where G's get knocked, locked up
 Get out come home for a week and get re-knocked
 You don't even see cops, hip hop police don't even stop,
 On D Block, where everybody wants to be Pac
 And you can get popped over the new G-Unit Reeboks
 Welcome to D Block, the city of broke down dreams
 With things ain't always peachy keen as they seem
 City of dope dealers, killers, pimps, pushers,
 Pin handlers Hustlers and doped out fiends
 The sun don't shine here, in this part of town
 But we all got a town that's similar to this too
 'Cause every cities got a ghetto and every ghetto got a hood
 Take a good look around you 'cause there's a D Block near you
 If you bust and your gun got niggas on the run
 And you rep where you from nigga you D Block
 And you tryna come up and your pockets is light as a cup
 They don't give a fuck, you D Block

 And every nigga where I be, I put in work for free,

 And the mother's raisin a son to turn into guerrillas,
 And the hallways is pissy as hell, all we do is get bigger
 More ignorant, you send us to jail, my niggas shoot anything that'll move
 Sell drugs, from the rise to the sun to the fall of the moon,
 I'd die where I stand With my man if I can when the shells come,

 Welcome to D Block, the city of broke down dreams
 With things ain't always peachy keen as they seem
 City of dope dealers, killers, pimps, pushers,

 But we all got a town that's similar to this too
 'Cause every cities got a ghetto and every ghetto got a hood
 Take a good look around you 'cause there's a D Block near you
