Auntie's Operation

The Coral

Auntie's operation
Auntie's operation
Auntie's operation
She's coming aroundAuntie's operation
Auntie's operation
Auntie's operation
And you're going downShe'll want your sympathy
She'll never let you be
She's sniffing at your food
Before it's even chewedAuntie's operation
Auntie's operation
Auntie's operation
She's coming aroundAuntie's operation
Auntie's operation
Auntie's operation
And you're going downShe thinks she's world renown
With the pastor of Paris crown
Before you think ahead
She'll be sleeping in your bedAuntie's operation
Auntie's operation
Auntie's operation
You're coming aroundAuntie's operation
Auntie's operation
Auntie's operation
Auntie's operationAuntie's operation
Auntie's operation
Auntie's operation
Auntie's operationShe's coming around
