

# Auntie's Operation

## The Coral

Auntie's operation  
Auntie's operation  
Auntie's operation  
She's coming aroundAuntie's operation  
Auntie's operation  
Auntie's operation  
And you're going downShe'll want your sympathy  
She'll never let you be  
She's sniffing at your food  
Before it's even chewedAuntie's operation  
Auntie's operation  
Auntie's operation  
She's coming aroundAuntie's operation  
Auntie's operation  
Auntie's operation  
And you're going downShe thinks she's world renown  
With the pastor of Paris crown  
Before you think ahead  
She'll be sleeping in your bedAuntie's operation  
Auntie's operation  
Auntie's operation  
You're coming aroundAuntie's operation  
Auntie's operation  
Auntie's operation  
Auntie's operationAuntie's operation  
Auntie's operation  
Auntie's operation  
Auntie's operationShe's coming around
