Big booty, thin waste

Breasts so pretty they can't be real

She'll play

With her girlfriend, tag team on the sex, I give away

Get em on patrol, for real they

Both gon have a field day

Never had experience

So gorgeous and mysterious

I'm panty pumpin number one, I'm serious

I'm talkin fast cars, bright lights

Big city, long nights

Pretty women on site

I give it to em all night[Chorus:]

Bright lights

Rollin thru the city on that M6

Heavy on the radio station

Shawty say she got a man but  
He don't really stand up  
And that stuff that like he supposed to, all he do is handcuff  
So she come see me relax  
Give me love, recieve it back  
Sex her, stetch her body out so much, she say I needed that  
I'm talkin primetime pornstar  
Goin hard goin in  
Ride me like a foreign car  
Invite a friend to join in  
I'm talkin fast cars, bright lights  
Big city, long nights  
Pretty women on site  
I give it to em all night[Chorus][Verse 3:]  
Catchm me in the  
Old school, new school  
Vert drop, hard top  
See me and at least 2 freaks pulled over in the parkin lot  
Engaged in conversation yo and listenin to the radio  
Give it to em ruff, they say but treat em like a lady tho  
She never kissed a girl b4  
But fantasized bout girls b4  
Imagine havin sex with women, jus don't want the world to kno  
I'm talkin fast cars, bright lights  
Big city, long nights  
Pretty women on site  
I give it to em all night
