

Dare to Believe (Instrumental)

Boyce Avenue

It's feeling like the time's run out,
But the hour glass, just flipped itself over again,
The sun is slowly sinking down,
But on the other side a new day awaits to begin.If you dare to believe in life,
You might realize that there's no time for talking
Or just wait around while the innocent die.No more, we're gonna lose everything,
If we believe all the lies,
I may fall but I swear that I'll help you believe.
No more, this one's runnin on empty
And there's no reason why,
You may fall but I know that you'll help me believe.We been in the dark for way too long,
But when we turn around we see light shine through the haze,
So forget about who was wrong,
'Cause I've never been more ready to turn this page.If you swear you believe in life,
Embrace forgiveness 'cause it's all that I'm askin',
Or keep holding out while the innocent die.No more, we're gonna lose everything,
If we believe all the lies,
I may fall but I swear that I'll help you believe.
No more, this one's runnin on empty
And there's no reason why,
You may fall but I know that you'll help me believe.No more, we're gonna lose everything,
If we believe all the lies,
I may fall but I swear that I'll help you believe.
No more, this one's runnin on empty
And there's no reason why,
You may fall but I know that you'll help me believe.No more, we're gonna lose everything,
If we believe all the lies,
You may fall but I swear that I'll help you believe,
You may fall but I swear that I'll help you believe,
I may fall but I swear that I'll help you believe.
