

# Loyal (feat. Sean Kingston & Lil Wayne)

## Keyshia Cole

Just got rich,  
Being broke was a bitch  
These niggas ain't loyal  
Fuck it all the shit that he did! These hoes ain't gone, I'm gone  
These hoes can't do what I do  
These hoes don't think that I know it  
And you know I had it real in me.  
But shit OK,  
Take your money, I'mma go my way!  
These niggas ain't loyal,  
And that's why is the song I sing And it just got rich  
Me and my girls ..to take as a trip  
One time for my niggas in the shit  
Uh, these hoes ain't got a thing on me, no!  
No, these bitches ain't got nothing on me  
Oh, but when I do what I do  
Stunting me and my crew  
I had your back when you were...  
I would stare and you know it's true! One time for my real niggas  
Two times for 'em fake hoes  
What we had was so real  
Oh, let it all go!  
Go down the drain  
Stunting in my brand new thing  
Hit the club with me and my girls  
You was annoyed or you fucked the ones you do it again. These niggas ain't loyal  
But these bitches can't do nothing for you.  
Oh, these niggas ain't loyal  
But these bitches can't do nothing for you. Oh, not a rasta but I'm smoking waly  
Bet she wanna ride it like a harley...  
Here's my number girl call me  
So we can link up later make a movie  
Girl, you know I want to put the thing on me  
The body is calling  
Uh girl, you want it!  
(I see it shaking, it's true!)  
Smoking on this Kush, I might take that  
(Sing my shit)  
Me and my niggas starting in the building
