

Not Over Yet (Loverush UK Remix)

Grace

I'd live for you
I'd die for you
Do what you want me to
I'd cry for you
My tears will show
That I can't let you go[Chorus]
It's not over, not over, not over, not over yet
(You still want me don't you)
It's not over, not over, not over, not over yet
(Cos I can see through you)
It's not over, not over, not over, not over yet
(You still want me don't you)
It's not over, not over, not over, not over yet
(Cos I can see through you)
It's not over, not over, not over, not over yet
It's not over, not over, not over, not over yet
Don't get me down
Don't make a sound
Don't throw it all away
Remember me
So tenderly
Don't let it slip away[Chorus x2]
