

Bye

The Sixties

Oh, yeah

Let the band play one time now It was early one morning

I was on my way to school

Early one morning

I was on my way to school

Got lost on monday morning

I broke my teachers rule I was in love with you, baby

Before I learned to call your name

I was in love with you, baby

Before I learned to call your name

Now you're in love with someone else

You're bound to drive poor me insane Oh, yeah ()

I said bye, bye bye, baby, bye bye

I said bye, bye bye, baby, bye, bye

Ha ha

I said bye, bye bye, baby, bye, bye

Bring it down here

I said bye, bye bye, baby, bye, bye

Bye, bye bye, baby, bye, bye

I said bye, bye bye, baby, bye, bye

Yeah

Bye, bye bye, baby, bye, bye

Bye, bye bye, baby, bye, bye

I said bye, bye bye, baby, bye, bye
