

Girls

Pitbull

Mami you bi?
No, I'm try, I'll try anything
Ay, oh, ay, oh, ay, talk to me
Ay, oh, ay, oh, wa, tell me how you like it
Ay, oh, ay, oh, ay, talk to me
Ay, oh, ay, oh, wa, tell me how you want it
Ay, oh, ay, oh, ay, talk to me
Ay, oh, ay, oh, wa, now give it to me
Girls, girls, girls, girls, girls, girls, girls, I like
Girls, girls, girls, girls, girls, girls, girls, I love
Girls, girls, girls, girls, girls, girls, girls, I need
Girls, girls, girls, girls, girls, girls, girls
Girls, just like the more I get
Girls, just like the more I want
Girls, just like the more I get
Girls, just like the more I want
Bow, wow, wow, yippy, yo, yippy, yay
Pit Bull in the mother fucking house
Baby, don't play, just do as I say
Now I promise I'll turn you out
They slip, I grip, that's simple, that's it
I'ma tell ya, all flip, let's rip and dip
I'm wid' it, you wid' it, come on baby, let's dip
What you waiting for? Let's roll like
Mami you bi?
No, I'm try, I'll try anything
Ay, oh, ay, oh, ay, talk to me
Ay, oh, ay, oh, wa, tell me how you like it
Ay, oh, ay, oh, ay, talk to me
Ay, oh, ay, oh, wa, now give it to me
Girls, girls, girls, girls, girls, girls, girls, I like
Girls, girls, girls, girls, girls, girls, girls, I love
Girls, girls, girls, girls, girls, girls, girls, I need
Girls, girls, girls, girls, girls, girls, girls
Girls, just like the more I get
Girls, just like the more I want
Girls, just like the more I get
Girls, just like the more I want
Baby, I go on and on

And I don't need ecstasy to get ya rollin'
Knock 'em down like I'm bowling ten at a time

Strike? Right

Now watch how I flip this thang
Switch this thang and get this thang
And if you don't no, well, now you know
What you waiting for? Let's go, let's roll like
Mami you bi?

No, I'm try, I'll try anything

Ay, oh, ay, oh, ay, talk to me

Ay, oh, ay, oh, wa, tell me how you like it

Ay, oh, ay, oh, ay, talk to me

Ay, oh, ay, oh, wa, now give it to me
Girls, girls, girls, girls, girls, girls, girls, I like
Girls, girls, girls, girls, girls, girls, girls, I love
Girls, girls, girls, girls, girls, girls, girls, I need
Girls, girls, girls, girls, girls, girls, girls

Girls, just like the more I get

Girls, just like the more I want

Girls, just like the more I get

Girls, just like the more I want

Girls, just like the more I get

Girls, just like the more I want

Girls, just like the more I get

Girls, just like the more I want

Girls, girls, girls, girls, girls, girls, girls, I like
Girls, girls, girls, girls, girls, girls, girls, I love
Girls, girls, girls, girls, girls, girls, girls, I need
Girls, girls, girls, girls, girls, girls, girls

Girls, just like the more I get

Girls, just like the more I want

Girls, just like the more I get

Girls, just like the more I want

Girls, just like the more I get

Girls, just like the more I want

Girls, just like the more I get

Girls, just like the more I want
