Cyberspace

ACÏŸDC

High tail in your face
black hole rockin' the place
Hong Kong videos
big bang mad to blowInto cyberspace
look out I'm gonna rageEight ball in the pock
big bone juke box jack
hot star burnin' it up
full moon runnin' amokInto cyberspace
look out I'm gonna raceBlow you into cyberspace
blow you all into cyberspaceGotta get out, get out of this place
blow a big hole into cyberspaceOctane down the track
flat chat smash the mach
blow out burnin' hot
mile high take you right to the topInto cyberspace
look out I'm gonna raceBlow you into cyberspace
blow you all into cyberspace
