We'll Find Our Own Way

Gene

Your home may be cold
And your heart is gone
To the wind and the rain
But your pain will dieSo, tell me when you're sad
My heart is strong, I've hadEnough of life's
Cruel, twisted daze
So, you and I
We'll find our own wayYour eyes may seem old
But I, I see them shine
A-with the sun and the stars
In my heart, they're mineSo, tell me when you're sad
My heart is strong, we've hadEnough of life's
Scarred and twisted daze
So, you and I
We'll find our own way
