

# We'll Find Our Own Way

Gene

Your home may be cold  
And your heart is gone  
To the wind and the rain  
But your pain will die So, tell me when you're sad  
My heart is strong, I've had Enough of life's  
Cruel, twisted daze  
So, you and I  
We'll find our own way Your eyes may seem old  
But I, I see them shine  
A-with the sun and the stars  
In my heart, they're mine So, tell me when you're sad  
My heart is strong, we've had Enough of life's  
Scarred and twisted daze  
So, you and I  
We'll find our own way
