

# Forever's Just A Matter Of Time (Album Version)

Michael Bolton

How in the hell did this begin  
Like some cruel game we can't seem to win  
It just goes on over and over again It took the best outta you and me  
I thought we swore we'd let this love rest in peace  
Am I wrong  
Didn't we part as friends How many lifetimes must we live through  
'Til we're lookin' through the eyes of the truth We are joined at the soul  
With a heart that don't know how to let go  
What does it mean when it don't mean a thing  
When we say good-bye  
But if life is unkind  
And forever ain't a place we can find  
We'll know how we've tried  
And that forever's just a matter of time So much love, so much pain  
No one to judge, no one to blame  
It holds on  
How desperate this need that remains We know the passion that leads us blind  
'Cause the two of us are one of a kind We are joined at the soul  
With a heart that don't know how to let go  
What does it mean when it don't mean a thing  
When we say good-bye  
But if life is unkind  
And forever ain't a place we can find  
We'll know how we've tried  
And that forever's just a matter of time Time after time we stumble and fall  
Past the point of no return  
God knows we've given so much more than our all  
To this lesson we may never learn We are joined at the soul  
With a heart that don't know how to let go  
What does it mean when it don't mean a thing  
When we say good-bye  
But if life is unkind  
And forever ain't a place we can find  
We'll know how we've tried  
And that forever's just a matter of time
