Everything About You (Fight the Tide Version)

Sanctus Real

Be my light in this darkened room
I'm on my face and I'm calling You
I can't fathom all You've done for me
Every time it finds me on my kneesLike sunlight in the winter coldEverything about You
It takes my breath away
HallelujahI tried this once without You
And it was my great mistake
HallelujahQuestions fade when You invade
You chase all of my fears away
With Your love in my atmosphere
All confusion disappearsAnd nothing but Your truth remainsEverything about You
It takes my breath away
HallelujahI tried this once without You
And it was my great mistake
HallelujahQuestions fade, You remain
You are color on a page of white
Bright like eyes beneath black lights
Like a glowing city on the plains, You call my name
You call my nameAnd everything about You
It takes my breath away
HallelujahI tried this once without You
It was my great mistake
HallelujahHallelujah
Hallelujah
Hallelujah
Hallelujah
