

Tylenol

Wolf Rellik

Tylenol, I need some Tylenol
Give me some Tylenol
To kill that headache you gave me
To kill that headache you gave me
To kill that headache you gave me
To kill that headache in me
Rohypnol, I need some Rohypnol
Give me some Rohypnol
To slow that heartache you gave me
To slow that heartache you gave me
To slow that heartache you gave me
To slow that heartache in me
Methyl, I need some Methyl
Give me some Methyl
To speed that getting away from me
To speed that getting away from me
To speed that get away from me
Machine gun, where's my machine gun
Give me a fucking machine gun
To blow you the fuck away from me
To blow you the fuck away from me
To blow you the fuck away from me
Get the fuck out of New York City
