Bonfires (DupStep remix)

Blue Foundation

I was given wine
We feeling okay ?
And we're quite all right
You wash my tears away
And make me wanna stay
And bonfires lit up the shoresWalk far far away
To go beside you
Is where I want to be
Walk far far way
To laugh, to loveDays are roses and wine
Drifting astray
With your hand in mine
You stroke my fears away
You make me wanna stay
And bonfires lit up the shoresWalk far far way
To go beside you
Is where I want to be
Walk far far way
To laugh, to loveWalk far far away
Where to go and hide it?
We're going to the sea
Walk far far away
To laugh, to loveThis is how it went
I am here to stay
Roaring with the wind
There's life withinThis is what I give
A circle is complete
Another circle spins
There's life within
Within
