

Go

Bow Wow

If you don't wanna dance
I can find me somebody else that do, do
If you don't wanna dance
What you here for, girl, you need to move, move
If you don't wanna dance
Then it best you turn this off right now
'Cuz I am the B O W W O W
And it's about to
Go, go, go, go
(Down)
Go, go, go, go
(Down)
Go, go, go, go
(Down)
Go, go, go, go
(It's about to)
Go, go, go, go
(Down)
Go, go, go, go
(Down)
Go, go, go, go
(Down)
Go, go, go, go
I choose you
(Down)
Lil' kids love me like Santa Claus
And I'm under 21 wit' a phantom Boss
Mane dressed like big, I called the play
Run, pass, shorty, I can hand it off
You know I run wit' a crew that ain't ever lost
We young, we rich and we love to floss
You gotta pay the cost to hear me breathe
Bow Wow representin' that DPG
26 inch chrome with a lake front home
Heavy in the hood, like straighenin' combs
I can have any girl in this world that I want
But I choose you, I choose you, but ugh
If you don't wanna dance
I can find me somebody else that do, do

If you don't wanna dance
What you here for, girl, you need to move, move
If you don't wanna dance
Then it best you turn this off right now
'Cuz I am the B O W W O W
And it's about to
Go, go, go, go
(Down)
Go, go, go, go
(Down)
Go, go, go, go
(Down)
Go, go, go, go
(It's about to)
Go, go, go, go
(Down)
Go, go, go, go
(Down)
Go, go, go, go
(Down)
Go, go, go, go
I choose you
Bow Wow still holdin' the top spot, roll in the hot drops
Been in control since I came out the blocks
And I sell like rocks in the 80's
Number one just like Tracy McGrady
This young thug, can't non y'all see me, fade me
Keep cash money like baby
I'm crazy if I must say so and I lust for the dough
Push 'em every time I bust my flow
I'm a blessed young man
And the best young man that you very heard Rock before
I can have any girl that in this world that I want
But I choose you, I choose you, but ugh
If you don't wanna dance
I can find me somebody else that do, do
If you don't wanna dance
What you here for, girl, you need to move, move
If you don't wanna dance
Then it best you turn this off right now
'Cuz I am the B O W W O W
And it's about to
Go, go, go, go
(Down)
Go, go, go, go

(Down)
Go, go, go, go
(Down)
Go, go, go, go
(It's about to)
Go, go, go, go
(Down)
Go, go, go, go
(Down)
Go, go, go, go
(Down)
Go, go, go, go
(Bow Wow, lemme get some)
I'm the wrong one for you to be tryin' to race wit'
Face it dog, ain't no replacement
I made a few mill off the somethin'
That I started in the basement
Y'all shoulda never lemme taste it
Back when niggas was wearin' basics
I ain't just do it, I aced it
I'm rich but I'm still tryin' to chase it
That's why everything I do I lace it
Two Bentley's, a hundred grand for the bracelet
To you that's a a lot but to me that's basic
And it's so many girls out there
But I choose you, I choose you, but ugh
If you don't wanna dance
I can find me somebody else that do, do
If you don't wanna dance
What you here for, girl, you need to move, move
If you don't wanna dance
Then it best you turn this off right now
'Cuz I am the B O W W O W
And it's about to
Go, go, go, go
(Down)
Go, go, go, go
(Down)
Go, go, go, go
(Down)
Go, go, go, go
(It's about to)
Go, go, go, go
(Down)
Go, go, go, go

(Down)
Go, go, go, go
(Down)
Go, go, go, go
(I choose you)
If you don't wanna dance
I can find me somebody else that do, do
If you don't wanna dance
What you here for, girl, you need to move, move
If you don't wanna dance
Then it best you turn this off right now
'Cuz I am the B O W W O W
And it's about to
Go, go, go, go
Go, go, go, go
Go, go, go, go
I choose you
