

# Who's They

## Daughtry

They say we need to be a certain way to fit the mold  
Or so they say  
Who's they?  
How can we pretend to care and bend because we're told we're no okay  
Who's they?

We can't go wrong  
When we all stand tall and we sing the same song  
We'll find it hard now to get along  
Oh, we'll find it hard know to sing along  
La da da da da da  
We'll find it hard know to sing along
