

# Rewind

## Obituary

Resign my brain  
Knows bored, minds cored  
Your fate has come rewound  
I thought the day I'd die you'd rule Rewind my sense  
Range choice of live expense  
Days come, nights fall  
Fix all mistakes, rule all When is locked in  
Set back within your realm of violence  
If you see anything, soon we'll rise Resign, my brain  
Knows bored, minds cored  
Your fate has come, rewound  
I said the day I'd rule you'd die Resign my friend  
Knows bored, minds cored  
Your fate has come rewound  
I said the day I'd rule you'd die
