

# Set My Soul on Fire

## Diamond Head

Lost my head while sleeping with your madness  
Your ink and bones are the weapons of disasters  
Hate the witness, silence in oppression  
Burn their scriptures, write your gospel, change the nation Yeah, yeah, set my soul on fire  
Yeah, yeah, set my soul on fire Reign on earth let the puppets kill their masters  
The silver nooses fill the streets before the rapture  
Blacked out windows bleached for new redemption  
The city weeps, the pieces set, reclaim the nation  
Yeah, yeah, set my soul on fire  
Yeah, yeah, set my soul on fire Before today I lit this fire  
Before this day I lived this lie Unmarked doors, no more tribute to the tower  
Now their strings are cut, the people have the power Yeah, yeah, set your soul on fire  
Yeah, yeah, set that soul on fire  
Before today I lit this fire  
Before this day I lived this lie Yeah set my soul  
Yeah set my soul on fire
