

Cry (Radio Edit)

Pray for the Soul of Betty

Cry your eyes
I've Seen this face a thousand times
Falling from my fantasySlipped inside
your world to be
A victim of your sympathyYou seem to know
How to push the fire
That burns the box we live inIsn't it a shame
The game persists like this
The game persists like thisCry your eyes
I've seen this face a million times
Falling from my fantasyOh, Slipped inside
Your world to be
A victim of your sympathyMmm, you seem to know
Just how to push the fire
Oh, that burns the box we live inCertainty with indecision
You counter with pristine precision
And to, you add to your shameFalling
Falling out
Of lovewith you babeFalling
Falling out
Of lovewith you!Oh, you got me a sign
Oh, open up your eyes
Baby I know the deal
Oh, are you for realMmm, Cry your eyes
I've seen this face a million times, a million times
Falling from my fantasySlipped outside
Your world with me
A victim of your sympathyOh, you seem to know
How to pushyou pushOh, oh, yea
Isn't it a shame
The game persists like this
The game persists like thisFalling
Falling out
Of lovewith you babeFalling
Falling out
Of lovewith you babeFalling
Falling out
Of lovewith you!Falling out
Falling out of love with you
