

All The Time

Vivian Girls

I see him all the time, every night and every day
I know we're doin' fine he calls me, I'm on my way
We never sit around we just go outside instead
He steals my thunder while I pick the flowers in his head

All the time

We go commit a crime, I see him all the time

All the time

We go commit a crime, I see him all the time

I see him all the time, every minute every hour
Our love is like a lime, sometimes sweet but mostly sour
We never fool around, we just walk and talk instead
He steals my thunder while I pick the flowers in his head

We go commit a crime, we never wait in line, but he always looks so fine
I see him all the time

All the time
