Waters Edge

Julie Waters

And dont you know you got me whenever you want me
And in the blurring of all these colors its yours I see
And I dont mind, no I dont mind
And I dont mind, no I dont mindAnd I walked by the water's edge
And I heard everything you said, woah
You might think I would never see
But they all made it back to me, woahAnd who am I to think that theres no getting used to
A love of start and stop and slow down
Im trying to let my guard down another time
No I dont mind and I dont mind
No I dont mind that I rememberAnd I walked by the water's edge
And I heard everything you said, woah
You might think I would never see
But they all made it back to me, woahAnd to be someone with a dream
Thats not what youre after
So meet all those down the street because, woah, woah
