

# Lose Control

## The Saturdays

Ooh-ooh

Fashion fashion fashion fashion

I always use to be the shy girl

Not a hot girl

And not your type girl

I never cared about the cool clothes

About the right shoes

Making the right moves

Who's that hot boy?

Who's that boy?

When he looks at me I'm beautiful

Who's that hot boy?

Who's that boy?

I should be the face of every fashion magazine

Oh!

Ooh-ooh

I'm gonna feel that feeling

Gonna loose control

Ooh-ooh

There's a fire going on in my heart and soul

Never before I met you baby

Never before tonight

But your making me believe it's right

Ooh-ooh

I'm gonna feel that feeling

Gonna loose control tonight

I'm not use to being first pick

Not the cool chick

From the in clique

I have always gone my own way

Been my own girl

In my own world

Who's that hot boy?

Who's that boy?

When he looks at me I'm beautiful!

Ooh-ooh

I'm gonna feel that feeling

Gonna loose control

Ooh-ooh

There's a fire going on in my heart and soul

Never before I met you baby

Never before tonight

But your making me believe it's right

Ooh-ooh

I'm gonna feel that feeling

Gonna loose control tonight

Uh Uh Uh Uh

Is the night

Uh Uh Uh Uh

When I leave

Uh Uh Uh Uh

The past behind me

Tonight

Uh Uh Uh Uh

Is the night

Uh Uh Uh Uh

When I'm here

Uh Uh Uh Uh

About to find me

Yeah!

Ooh-ooh

Yea

Yeah yeah yeah yeah yeah yeah

Ooh-ooh

To find the place that hurts

Ooh-ooh

I'm gonna feel that feeling

Gonna loose control

Loose control

Ooh-ooh

Oh

Theres a fire going on in my heart and soul

Never before I met you baby

Never before tonight

But your making me believe it's right

Ooh-ooh

Whoa now  
I'm gonna feel that feeling  
Gonna loose control tonight  
Gonna feel that feeling gonna loose control  
Gonna feel that feeling gonna loose control tonight  
Gonna feel that feeling gonna loose control  
Gonna feel that feeling gonna loose control tonight!
