Gun Song

The Lumineers

I don't own a single gun
But if I did you'd be the one
To hold it, aim it, make all of the bad men run
But I don't own a single gunI don't have a sweetheart yet
But if I did I'd break my neck
To please her, make her want to stay in my arms she'd rest
But I don't have a sweetheart yetI can't believe what I found in daddy's
Sock drawer, sock drawer today
It was a pistol, a Smith & Wesson
Holy, holy shitOne, two
One two three
