Enjoy the Ride

Ricky Skaggs

Song: ENJOY THE RIDE
Artist: RICKY SKAGGS
Album: Brand New StringsAnother day, another chance
To right the wrongs begin again
All you can do, is do your best
Shake off the past, forgive yourself.
Its just the world were livin in,
Not many saints too many sins
Youre not alone, were all inclined
To sleep and fall and cross the line
We live and learn with each mistake
To get back up, Thank God for graceLift up your chin, brush off the dust
Wash your hands off the things youve done
Sometimes you fall, sometimes you fly
Its only life, enjoy the rideAs long as you have air to breath
Then you have all the time you need
To give your love for all its worth
And make amends to those youve hurt
This is your life from Heaven safe
Redeem yourself and thank God for graceLift up your chin, brush off the dust
Wash your hands off the things youve done
Sometimes you fall, sometimes you fly
Its only life, enjoy the rideSometimes you fall, sometimes you fly
Its only life, enjoy the ride
Its only life, enjoy the ride
Another day another chance
