

# Telling the World

## Taio Cruz

Every part in my heart I'm giving out  
Every song on my lips I'm singing out  
Any fear in my soul I'm letting go  
And anyone who ask I'll let them knowShe's the one, she's the one  
I say it loud  
She's the one, she's the one  
I say it proudRing a bell, Ring a bell  
For the whole crowd  
Ring a bell, Ring a bellI'm telling the world  
That I've found a girl  
The one I can live for  
The one who deservesTo give all my heart  
A reason to fly  
The one I can live for  
A reason for lifeEvery part in my heart I'm giving out  
Every song on my lips I'm singing out  
Any fear in my soul I'm letting go  
And anyone who ask I'll let them knowShe's the one, she's the one  
I say it loud  
She's the one, she's the one  
I say it proudRing a bell, Ring a bell  
For the whole crowd  
Ring a bell, Ring a bellI'm telling the world  
That I've found a girl  
The one I can live for  
The one who deservesTo give all my heart  
A reason to fly  
The one I can live for  
A reason for lifeOe oh oe oh
