

# And My Heart Goes

Vanessa Williams

You make my heart go Inside out you send me baby  
(Inside out)  
Round and round your world I go  
(Umm hmm)  
Upside down you make me crazy  
(Upside down)  
For your love, it's out of control Like an evening star  
Shining brightly on me  
When you looked into my eyes  
I know we have something  
I'm following my heart  
Trusting where love will lead  
Surrendering my guard  
I found security  
Oh in you Darling you're the one for me  
Tell me did you know  
You make my heart go Inside out, oh baby, you send me baby  
(So in love)  
Round and round, oooh hoo hoo hoo  
(You make my heart go)  
Upside down, you know, you make me crazy  
(It's for your love)  
For your love, it's out of control Like a fairy tale  
You kissed life into me  
You cast my fears away  
Finally I'm free  
Anyone  
Can see I'm crazy for you  
You're everything I need  
You're all I wanna do  
It's true Lovin' you is magical  
Tell me that you know  
'Cause you make my heart go Inside out, oh baby, you send me baby  
(So in love)  
Round and round, oooh hoo hoo hoo  
(You make my heart go)  
Upside down, you know, you make me crazy  
(It's for your love)  
For your love, it's out of control (And my heart goes)

Inside and out  
(And my heart feels)  
I'm losin' control  
('Cause my heart knows)  
The only one for me  
Oooh, baby can't you see  
(Inside out)  
(And my heart goes)  
You turn me upside down  
(And my heart feels)  
Oooh turn me round and round  
('Cause my heart knows)  
Baby don't you know?  
'Cause you make my heart go Inside out, oh baby, you send me baby  
(So in love)  
Round and round, oooh hoo hoo hoo  
(You make my heart go)  
Upside down, you know, you make me crazy  
(It's for your love)  
For your love, it's out of control You make my heart go  
(It it it it)  
Oh baby  
(It it it it)  
(So in love)  
So in love  
(It it it it)  
Inside out  
(You make my heart go)  
You make my heart go  
(It it it it)  
You know  
(It it it it)  
It's for your love  
(It it it it)  
Inside out (Aah aah)  
You turn it upside down  
(Aah aah)  
You turn it round and round  
(Aah aah)  
(You make my heart go)  
(Aah aah)  
(Go)  
And my heart feels  
(Aah aah)  
'Cause my heart knows

(Aah aah)  
You make my heart go  
(You make my heart go)  
(Go)  
(Aah aah aah)
