

High As The Moon

The Get Up Kids

I built an altar for you, out of Polaroids and pins
On the wall of my room
I don't know what to do
Waitin' for you, should be a sin Outside a station, builds me up
It's all I can do
High as the moon, waitin' for you
To come back to my room I built an altar for you, hope you come around
Those lead to my house
I had a question for you, tellin' the truth
Throws at the sound Outside a station, builds me up
It's all I can do
High as the moon, waitin' for you
To come back to my room All I can say
Is show me some strength
Come over please
Your enemies, won't get to you Waitin' to speak
Days into weeks
Come over please
No enemies Outside a station, builds me up
It's all I can do
High as the moon, waitin' for you
To come back to me please Come over soon
No enemies
Come over see
I'm begging you
