I Want You

Morgan James

There's a well of needing
Buried in my heart
I can't stop the bleeding
Since you made me start
I need you
There's a wave of wanting
Cresting on my skin
I can't stop the haunting
Since I let you in
I want you
I want you
Like I never needed air before
Like I never needed water anymore
Like I never felt a fire burn me down
Like you do
I want you
You can fix my hunger
You can fix it all
You can send me underneath
I hear your call
You fix me
I can't take a minute
More without your touch
I can't live a second more
It's just too much
So take me
Like I never needed air before
Like I never needed water anymore
Like I never felt a fire burn me down
Like you do
Like I never knew the sun to shine
Like I never knew the day or time
Like I never knew the way you
Make me feel the way you do
I want you
If this wanting takes me over
I won't take another breath
Cause if I have to live without you
I will find you in my death

Like I never needed air before
Like I never needed water anymore
Like I never felt a fire burn me down
Like you do
Like I never knew the sun to shine
Like I never knew the day or time
Like I never knew the way you
Make me feel the blay you do
