

A Love That Will Last

Olstead, Renee

I want a little something more
Don't want the middle or the one before
I don't desire a complicated past
I want a love that will last
Say that you love me, say I'm the one
Don't kiss and hug me and then try to run
I don't do drama, my tears don't fall fast
I want a love that will last
I don't want a just a memory
Give me forever
Don't even think about saying good-bye
'Cuz I just want one love to be enough
And remain in my heart till I die
So call me romantic, oh, I guess that's so
There's something more that you ought to know
I'll never leave you so don't even ask
I want a love that will last forever
I want a love that will last
I don't want a just a memory
Give me forever
Don't even think about saying good-bye
'Cuz I just want one love to be enough
And remain in my heart till I die
So there's just a little more that I need
I wanna share all the air that you breathe
I'm not the kinda girl to complicate the past
I want a love that will last forever
I want a love that will last always
I just want a love that will last
I want a love that will last
