Wild Wild Wild

Slick Fitty

Everybody wants a mansion and a yacht
Billboard charts, they want that number one spot
Even if it means rap, I'm gon' get a shot
True entertainment storyEverybody wants to be a superstar
To be a superstar, Ive seen her turn porn star
Pull up in that car, everyone yelling out star
True Hollywood story, gotta live in the gloryIve told you 'bout the Exodus
Ive come to tell you about the Genesis
And they can't get you no time
God created man in his own imageYou see man done lost their mind
They going wild, wild, wild
Oh them girls done lost their mind
Girls gon' wild, wild, wildEverybody wants to be a kingpin
Standing on that block, slanging for the kingpin
Soon as you get mack, you snitching on the kingpin
True hood ghetto story, no honor, no gloryEverybody say they having safe sex
But don't nobody wanna go and take the test
Some take the test, then they come back stressed
True hood classic story, protect your gloryIve told you 'bout the Exodus
Ive come to tell you about the Genesis
And they can't get you no time
God created man in his own imageYou see man done lost their mind
They going wild, wild, wild
Oh them girls done lost their mind
Girls gon' wild, wild, wildI don't want to live, I don't want to die
Ive been lying to myself so long I
Starting believing it, started agreeing with
Illusions, its a confusion
Love is what Im doing, ways to stay young
It kills the spiritIve told you 'bout the Exodus
Ive come to tell you about the Genesis
And they can't get you no time
God created man in his own imageYou see man done lost their mind
They going wild, wild, wild
Oh them girls done lost their mind
Girls gon' wild, wild, wild
