

Highland Girl

Torrison

When I was young and out of school
I always wanted to be cool
I tried alot to look like you
And always ended up the fool

Playing football was the way
I always thought that I could make it to the top but then I failed
Then I drank it all away
Away away away
But now I've found my highland girl

Overthinking all the years
I spent in blood sweat and tears
Trying hard to find my way
looking through my fake veneers

You were just a girl to me
I couldn't buy to master key
To your heart to set your free
Then go sail the Highland bays
The bays the bays the bays
But now I've found my highland girl

Times a healer By the way
I changed it all on new years day
I love you babe is what you said
Now you are my FencÃ©

Twos together
Twos a team
I'm wide awake your in a dream
Now the summer shines on me
I can tell the world it seems
It seems it seems it seems

But now I've found my highland girl

You were always for me
I was blind I couldn't see
Now my chains are set free
