Between You and Me

Shirley Brown

Gonna be just between you and me, you and me heeh.
I know you know what I want baby.
I believe I know what you want baby.
Come on, we won't waste to much time.
You and me, might end up in love. Who knows?
Might end up in love.
Toniiiiight, tonight is our night baby.
Tonight it's you me together.

Oh babe oh babe oh baby.
Mmmmh mmh! Mmmhh
