No One Will

Bitter's Kiss

No one will
Ever call me
And no one will
Ever need me
And no one will
Ever love me at allNo one will
Ever hurt me
And no one will
Ever desert me
And no one will
Ever leave meAnd I don't mind watching couples hold hands
I hope they're happy 'cause they won't be in the end
When one of them is left heartbrokenNo one will
Ever kiss me
And no one will
Ever miss me
And no one will
Worry when I'm not aroundNo one will
Step out on me
And no one will
Trample upon me
And no one will
Ever let me downAnd I don't mind watching couples hold hands
I hope they're happy 'cause they won't be in the end
And I don't mind watching couples hold hands
I hope they're happy 'cause they won't be in the end
When one of them is left heartbrokenNo one will
Ever call me
And no one will
Ever need me
And no one will
Ever love me at all
