Lonely Night

Classy Silhouette

I'm going away now baby's gonna be alright
I just can't stand another lonely night
Going away now baby, gonna take my shoes
Gonna walk off these lonely blues
And I'm going away now baby don't you think of me
I'll be wandering somewhere you can't see
I'm going away now baby gonna be alright
It's just that I can't stand another lonely night

Mmm
Mmm
Mmm
Mmm
Mmm
Mmm
Mmm
Mmm

I'm going away now baby's gonna be alright
I just can't stand another lonely night
Mmm
Mmm
Mmm
Mmm
Mmm
Mmm
Mmm
