

# Illusion

## The Blue Van

I'll hold you like a flower  
Stroke your hair, look in your eyes  
And I can wait for hours  
Now that you've changed my life I've been waiting for you  
I've been dreaming 'bout you  
Everything else just fades  
She's the one that saves me  
Make dark times go away You're just an illusion  
But nothing else could be this right  
You're just an illusion  
I'll know, Baby, when you arrive I've been waiting for you  
I've been dreaming 'bout you  
Everything else just fades  
She's the one that saves me  
Make dark times go away I've been fighting for you  
Worried that wouldn't show  
And I tried to picture  
Who you'll be and how I'll know you You're gonna make me better  
as soon as we're together  
Everything else just fades  
She's the one that saves me  
Make dark times go away It's just an illusion  
You're just an illusion I've been waiting for you  
I've been dreaming 'bout you  
Everything else just fades  
She's the one that saves me  
Make dark times go away
