

Don't Bother

Ex Norwegian

Be the first " they will follow
Sing the last " time will disappeared " here here
Loans are trust " they will hollow
Sigur Ros " my favorite this year! what year?
Awful noise " what! Why bother?
Kings of Queens ! thanks but no thanks

Million miles away they celebrate your day
its good for shoes its good for me and me you
A Million miles away

You got it saved " no don't bother
Gotta save, what maybe next year! what year?
Judges sigh, Estelle Lauder
Viacom sold out my rights this year! this year!
Awful deal " what! Why bother?
Kings of Queens ! thanks but no thanks
Million miles away they celebrate your day
its good for shoes its good for me and me you
A Million miles away

Melt banana got no sugar, hey hey!
